Employee Feature

We are proud to feature Jerrilyn Cuppett in this months Employee Feature. Jerrilyn has been with the Rosenbaum Family House since it's doors opened in 1999 serving as a Patient Family Liaison. She is a treasured member of the RFH team and enjoys sharing stories of the House, Hilda, and the many changes that have taken place over the past 21 years.

When asked what she enjoys most about working here she said “I like to work at Family House because I feel like I’m helping people. Some of them at the toughest time in their life. I have been through many of the things they are going through so I feel like I’ve walked in their shoes and can understand their feelings. I also work with a really great team.”

Jerrilyn says that it might surprise her coworkers that she wishes she could still bowl, water ski, ride horses, and roller skate! We have no doubt that if she could, she would be doing all of these things with her great-granddaughter Rylynn.

Jerrilyn is a true gem at the RFH and we are thankful she is on our team. We appreciate the dedication she shows on a daily basis to our guests, our staff, and WVU Medicine.
